1,575m

Metres Climbed / Descended
60m/-27m

Trail Overview

Link trail from the Mt Tugwell trailhead on Mt Bride Rd to the summit of Mt Tugwell, climbing gently towards the end.

Trail Style Description

One of the world's most prolific trail styles, traditionally referred to as cross-country, Adventure Trails are the most popular gateway trail for all levels of mountain bike riders. They have a free-flowing style and maximise use of the natural terrain with contour-hugging designs that allow riders to feel confident, while also providing options and features for extra challenge.
