Intermediate

Trail Style
Adventure

Trail Length
416m

Metres Climbed / Descended
39m/-8m

Trail Overview

Link trail between Trails 27 and 35.

Trail Style Description

One of the world's most prolific trail styles, traditionally referred to as cross-country, Adventure Trails are the most popular gateway trail for all levels of mountain bike riders. They have a free-flowing style and maximise use of the natural terrain with contour-hugging designs that allow riders to feel confident, while also providing options and features for extra challenge.
